

Packlist creation

General:

This data sheet is intended for the clear description of packages.

The following data are required by KROENERT:

- The file "Montage Packliste.xls" from KROENERT with the sheet "Packliste Montage" is to be used. The supplier has to request this file independently from the purchaser.
- The completed packing list has to be sent to the following e-mail address:
 - export@kroenert.deThe mail has to contain "Packing list" as the subject and the corresponding customer transaction number, e.g. "Packing list 8000044-04".
- Pictures of the packages before packaging (an assignment to the packages have to be available, for example by a clear name)

Packlist creation	 KROENERT GmbH & Co. KG Schützenstraße 105, 22761 Hamburg

checked: 27.09.22 Carsten Grebien	

The packing list has to contain the following information:

- The procedure for the numbering of packages (Pos.) have to be coordinated with export@kroenert.de before shipment.
- Kind of packaging
- Description German according to KROENERT designation
- Description English according to KROENERT designation
- Abbreviation
- Confirmation number (RM-No.), if unique, otherwise specify in comments
- Length
- Width
- Height
- Net weight
- Gross weight

The other columns in the table are maintained internally by KROENERT.
